## LABOUR THREAT TO OUR BOROUGH'S LIBRARIES

Labour controlled Sefton MBC have an appalling record when it comes to the libraries in our Borough.

In 2013 they shut down Ainsdale, Aintree, Birkdale, Churchtown, Carnegie, Litherland & Orrell, saving a pittance, but removing community hubs, especially for the elderly. The Labour council state they have shelved plans to demolish Crosby Library and Civic Hall, but we believe this is a delaying tactic until after the elections next May.

## ROAD RESURFACING AND WORKS PROGRAMME FOR SEFTON

We are always pleased to see our road infrastructure is being maintained although it is often unclear why some roads are treated and others are not.

The Council is very poor at communicating which roads and footpaths are to be treated, either by re-construction, resurfacing or other treatment.

The Council website has

published a programme for 2022 to 2024 showing which roads have been earmarked for attention, during this year and next.

The link below takes you to that programme, which will enable you to see whether your road is on the schedule for improvement.

If you feel your road is in a poor condition and is not listed for treatment, please contact your local Councillor to ask why they have not lobbied for the work to be carried out and have neglected your environment.
