EXTRA £420,887 TO HELP SEFTON RESIDENTS ADAPT THEIR HOMES

More Sefton residents will be helped to carry on living at home thanks to an extra £420,887 awarded to the Council by the Government.

The cash, announced this month, helps to support people to be discharged from hospital quicker and also help older people and those with disabilities live safely and independently in their own homes.

Delivered jointly by the Department of Health and Social Care and the Department for Levelling Up, Housing and Communities, eligible disabled people of all ages will be able to apply to Sefton Council for a grant to adapt their home to better meet their needs.

The help is available to homeowners, private renters and those in social housing.
